Petar Ilić

Hi, I am Petar Ilić, Multidisciplinary IT consultant with more than 15 years of experience.

By vocation I am Certified Engineer in Computer science. With extensive experience in Product Ownership and Business Analysis as well as solid foundation in Product Management and agile methodologies, I look forward to explore opportunities where I can deliver value, drive innovation and lead impactful digital transformation.

Having my skills honed in world-renowned companies, I look forward to contribute to exciting projects and work with dynamic agile teams in the technology and digital product space.

As an IT consultant, I specialize in bridging the gap between business goals and technology capabilities. By assessing organizational needs, designing tailored strategies, and implementing cutting-edge solutions, I empower businesses to achieve operational efficiency, scalability, and innovation.
